DETAILED ACTION

1. This action is responsive to communications: original application filed on 06/06/2000.
2. Claims 1-34 are currently pending in this application. Claims 1, 9-10, 13, 15-17, 23, 25-29, 31, and 33 are independent claims.

Election/Restrictions

3. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-8, 13-14, 23-24, 26-30, and 33-34 drawn to a computerized method for performing vector transformations of raster-images, classified in class 382, subclass 309.
 - II. Claims 9-12, 15-22, and 25 drawn to a computerized method for defining a raster transformation operations in vector image drawing terms, classified in class 345, subclass 441.
 - III. Claims 31-32 drawn to an apparatus an apparatus for describing the images in a hypertext markup language, classified in class 345, subclass 760.

The inventions are distinct, each from each other because of the following reasons:

4. Inventions I, II, and III are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention I has separate utility such as performing vector transformations of raster-images, invention II has separate utility such as defining a raster transformation operations in vector image drawing terms and invention III has separate utility such as describing the images in a hypertext markup language. See MPEP § 806.05(d).

5. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

6. Applicant is advised that the response to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

7. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
